# PERMITTED MATERIALS AT RICHMOND LANDFILL

based in part on Operational Certificate MR-04922

Other restrictions may apply, for example, on size of materials. For further information on acceptable materials please contact our gatehouse at 604-277-1410 or the office at 604-276-9511 or view the information on our website at [www.ecowaste.com](http://www.ecowaste.com)

Stumps having a root ball dimension (not trunk diameter) in excess of 1 metre are not acceptable. Concrete having a dimension in excess of 1 metre is not acceptable.

## A. The following wastes are permitted (*partial list only*):

1. Non-putrescible municipal solid waste, including demolition waste, construction waste, excavation waste, land clearing debris, and residual materials from recycling facilities. Typical acceptable materials include wood, plastic, cardboard, concrete (including concrete with some re-bar or mesh), asphalt pavement, roofing material, rubber (other than from tires), boats (wooden or fibreglass), bricks, carpet, kiln-fired ceramic material, fibreglass, burnt wood, wood ash, glass, lumber, pallets, clean empty plastic pails, paper, ceramic tiles, used calking tubes, and clothing, **with the exception that any wastes that are prohibited shall not be accepted.**
2. Segregated loads of yard waste for composting (Clean Green®).  
*Acceptable* - leaves, grass clippings, brush, branches up to 4"Ø, plants, flowers, land clearing or tree pruning waste which has been hogged, chipped or ground.  
*Unacceptable* - stumps, limbs over 4"Ø, mill waste, cedar over 25% of load, plastic, metal, glass, paper bags, sod or turf, concrete, brick, rock, dirt, anything not listed as acceptable.
3. Wastes for which specific authorization has been given by the Regional Manager, Ministry of Water, Land and Air Protection.

## B. The following wastes are not permitted or allowed (*partial list only*):

1. Hazardous Waste as defined in the Hazardous Waste Regulation.
2. Semisolid sludge or liquid waste. Wet Fill including Tanker Trucks.
3. Automobiles, white goods, household appliances, metallic car parts, large metallic objects, tires (other than small utility tires which can not be recycled).
4. Food wastes or other putrescible refuse, dead animals.
5. Bulk quantities of waste paper, newspaper and corrugated cardboard.
6. Gypsum board in excess of 1% of any individual load (5% in the case of fire damaged materials). Gypsum removal prior to demolition is required.
7. Excavation material and/or soil, unless pre-approved. Refer to [www.ecowaste.com](http://www.ecowaste.com) for further information.
8. Asbestos or materials containing asbestos.
9. Concrete with heavy rebar.
10. Any wastes not permitted under A. above.
